

## **BUD BOGLE FURNITURE**

I have been building functional furniture out of my small shop in Davenport for the last 38 years. I use exotic, domestic and local woods to build furniture that is meant to last a lifetime. Wood and leather combinations are a specialty, including rockers, loveseats, sofas, dining chairs and stools. From start to finish, I do all the upholstery myself using European and domestic fine leathers. Custom orders are always an option. To visit my studio or to inquire about my work, please call 831-234-6585 or email me at [bud@budboglefurniture.com](mailto:bud@budboglefurniture.com) to confirm or make an appointment. Also, visit my website at [www.budboglefurniture.com](http://www.budboglefurniture.com).
